All six Hinton Mills locations are open Mon. – Fri. 7:30-5:00, Saturday, 7:30-12:30

New year starts with record cattle prices, low cattle supply, strong demand, and low feed prices. This makes for an ideal situation to feed cattle.

You can expect many popular feed rations to cost about \$.12 per lbs. If you feed 1% of their body weight, you can turn that into a pound of beef per day.

On a 500 lbs. calf, feed 5 lbs. for \$.60. Expect to gain one pound per day.

With beef around \$3.00 per lbs., you would be gaining about \$2.40 per head per day. Add quality mineral and hay for higher daily gain.

The biggest farm question for the new year: Is 2025 the year to get back into cow business?

We can find more expensive tubs, but we haven't found a better quality tub than HT200F High energy flax tubs. Made with care at Triple Trust Tubs in Mt. Sterling.

BENEFITS OF OUR FLAX TUB:

- Omega-3 Fatty Acids for better animal performance.
- Excellent source of energy.
- Improved reproduction.
- Improved milk production.
- Flaxseed is rich in α -linolenic acid (ALA).

4 REASONS TO FEED TUBS THIS WINTER.

1. Convenience.
2. Extend and better utilize your hay.
3. Provide additional winter energy.
4. Cost effective.

Ask us about our other tub options to meet your specific farm needs.

\$89.70 for 200 lbs tub

\$87.70 per tub for 10 or more

Save \$2 per bag January 8th - January 18th during our Annual Wild Bird Seed Sale!

Regular price \$21.95 per 50 lbs. bag

Our Grandma Ellora Hinton loved to feed and watch the birds - because of this we have mixed our own wild bird seed for decades. Our mix is formulated for birds that reside in our region this time of year. Natural seed sources are less plentiful this time of year. Studies show that you can help provide songbirds with a nutritional boost by supplementing their diet with a fresh, high quality wild bird seed mix. Made fresh locally and we'll carry it to your vehicle for you.

We partner with our friends at Arrick's Propane to give you the lowest price around on refills.

Propane is as low as \$3.40 per gallon when you buy 20 gallons or more.

Refilling your propane tank is convenient, easy, and generally cheaper than changing cylinders! Our refill stations have trained attendants to help you fill up your tank and get you back on the road quickly. We have empty cylinders for sale in various sizes. Bring us your camper, RV or other tanks to fill. You only pay for the exact propane we put in your tank.

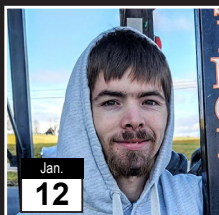

HAPPY JANUARY BIRTHDAYS TO THESE HINTON MILLS TEAM MEMBERS!

A Look Back at What the Hinton Mills Team Did in December 2024

 See more pictures of what the Hinton Mills team did this past month on Facebook

FAITH • FAMILY • FRIENDS • FARMING

We had a busy month of December full of Faith, Family, Friends, Farming...and FUN! We decorated our locations for Christmas and joined in numerous Christmas parades. We held our annual customer-focused Old-Time Christmas event. Our team and families gathered for our annual Hinton Mills Christmas dinner. A group of young friends helped mix & package our famous reindeer feed - which we then gave away to hundreds of kids in the local community for them to leave for Santa on Christmas Eve. Thanks for continuing to include Hinton Mills in your special Christmas memories!

Cold weather is here! In addition to feed for livestock and pets, we carry the winter items you need for work and for play: automatic livestock waterers, water fountain parts, shut off valves & fittings, stock tank heaters, ice melting salt, straw, propane, wood pellets, winter clothing, gloves, hoodies, toboggans, snow sleds, and much more.

Supply varies by location. Come see us.
