

Then Jesus said, "Come to me, all of you who are weary and carry heavy burdens, and I will give you rest."
- Matthew 11:28

All six Hinton Mills locations are open Mon. – Fri. 7:30-5:00, Saturday, 7:30-12:30

The Antler Builder product line is a complete line of nutrition-focused deer feed, plot seed, mineral, tubs, blocks, and attractants designed to help hunters develop trophy-quality bucks and for others who simply enjoy watching the deer they care for grow.

Antler Builder products are made in Mt. Sterling, Danville, Louisville and Plummers Landing, KY. Some inputs are also locally sourced.

ANTLER BUILDER EXTREME PREMIUM DEER FEED

Our blend of grains, seeds and minerals is a complete balanced deer ration. Contains the protein, energy, calcium, phosphorus, and trace minerals that are optimal for antler development and a healthy deer herd.

ANTLER BUILDER ESSENTIALS DEER MINERAL

Feed this complete mineral year-round to provide your herd the necessary nutrients they need to develop into their fullest potential. Improves your herd's antler growth as well as milk production for lactating does.

ANTLER BUILDER DEER TUBS, PAILS & BLOCKS

These are also convenient and long lasting to help reduce trips to your feed site. Formulated for high energy & highly digestible protein. Improves & maintains body condition & herd health. Our mix of protein along with the vitamin & mineral package are the building block for long term elite antler growth.

ANTLER BUILDER PLOT SEED

The most economical way to feed and grow your herd all year-round. We use seed varieties that grow well in our unique region, climate, and soil type. Our seeds are harvested this season for the best germination. To optimize success, bring your soil samples to us so we can help your soil health.

ANTLER BUILDER MOLASSES

A tool to get your deer where you want them and to get an inventory of the deer nearby. High in crude protein, healthy fats, and fiber.

Antler Builder Extreme, Essentials and tubs have added garlic, cinnamon and capsaicin to help with ticks, flies and to help lower body temperature to reduce stress.

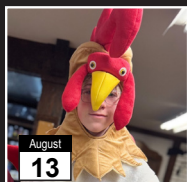

HAPPY AUGUST BIRTHDAYS TO THESE HINTON MILLS TEAM MEMBERS!

A Look Back at What the Hinton Mills Team Did in July 2025

 See more pictures of what the Hinton Mills team did this past month on Facebook

FAITH • FAMILY • FRIENDS • FARMING

Our annual Homegrown Feed Sale took place in July to focus on our customers who enjoy the benefits of growing their own farm fresh products, but that's not the only thing our team was involved in last month....

The 3rd generation of Hinton's were among those family members who gathered to celebrate our freedoms on July 4th. Bud Hinton with sisters Jenny, Elaine and Janie.

We held "mini-field days" for our customers to learn about Antler Builder products at multiple locations. Antler Builder Extreme feed is made at our Frank L. Hinton & Son location and the tubs, pails & blocks are made at Triple Trust Tubs.

Team member Joe Fraley and Addie Hinton helped at the annual Owingsville Lion's Club Horse Show. Joe served as both a judge and a ring master during the multi-night event. Addie helped present awards. This event is one of Kentucky's hidden treasures.

The Kentucky Department of Fish & Wildlife and the team at the Minor Clark State Fish Hatchery were great hosts for our July summer learning event. Commissioner of Fish & Wildlife, Rich Storm, was our guest reader and shared a little fishing story and Brother Doug Reeves led our scripture lesson. We then learned what the hatchery does - they are "fish farmers." Participants got to enjoy baby fish, turtles, crawdads, frogs and more.

We were in Mt. Sterling to support the Triple Trust Tubs team at the ribbon cutting & official grand opening of the livestock nutritional supplement manufacturing facility. Many of the ingredients at TTT come from Kentucky distilleries, farms, and suppliers. Thanks to all our customers who have helped support this Kentucky based business.

Our team and families participated in the Ewing parade once again to celebrate Independence Day and the kickoff to the annual Ewing Fleming County Fair.

Happy Retirement Dwight!

Hinton Mills Cynthiana manager, Dwight Leslie, has announced his retirement. Dwight has always worked in agriculture. Prior to working in the farm supply business, Dwight worked five total years combined as an Agricultural Education Teacher and an Ag Extension Agent. He eventually made his way to Cynthiana and has worked at the location on Lincoln Avenue for 37 years and four different companies. When Hinton Mills purchased the location and opened in Cynthiana in 2016, Dwight stayed on to lead the team that included some of his previous team members. Dwight's last day at Hinton Mills will be on August 15. However, we don't expect Dwight will slow down much as he has plans to continue to pursue his passion for agriculture on his family farm. Dwight is leaving the location in good hands. He said that of all the people he's worked with, that the current team at Cynthiana is the best team from top to bottom that he has ever worked with.

Thank you for your years of service to the farm families of Harrison and the surrounding counties. Best of luck from the entire Hinton Mills Team for a blessed retirement full of faith, family, friends, and farming.
