A Look Back at What the Hinton Mills Team Did in March 2026

 See more pictures of what the Hinton Mills team did this past month on Facebook

FAITH • FAMILY • FRIENDS • FARMING

Justin Patton & Joe Fraley attend this years Beef Expo in Louisville.

Marvin Flora, Caroline Roush, Adam & Nathan Hinton visited local schools with baby chicks to kick-off our Chick Days event. Our "Giant Chicken" was a big hit again this year among the kids!

Freddie Anderson and all of our Crop Services crew have been out applying as our farmers prepare to get started this season.

There's always a little friendly competition going on between our locations, especially when it comes to our events. One of the things they are tasked with is providing photos and videos for use on social media. If you aren't following us on social media, you're missing out, because they have a lot of fun with this!

We changed things up for our Spring Multi-County Cattlemen's Meeting. We have such a wealth of knowledge and experience among our team members and suppliers, so we took advantage of that. Team members Sam White and Joe Fraley, both cattlemen, provided great information on control of parasites.

Joe Fraley provided a lesson on livestock nutrition to this year's attendees of our annual Strive for the Drive event.
