A Look Back at What the Hinton Mills Team Did in February 2023

See more pictures of what the Hinton Mills team did this past month on Facebook

FAITH • FAMILY • FRIENDS • FARMING

We had a great time at our 40th annual Seed Days kickoff event at the Flemingsburg location. He hosted a fundraiser for the Fleming County FFA & Cattle-men's organizations. During the event, students from the Fleming County FFA and Mason County FFA were on hand to celebrate National FFA Week and the Ag Tag Program facilitated through Commissioner Quarles and the Kentucky Department of Agriculture. Other special guests included Miss Kentucky Hannah Edelen, members of the general assembly, candidates for statewide elected office, as well as numerous customers, vendors, and FFA members.

Addie Hinton, daughter of Adam Hinton, hosted a bake sale and lemonade stand at our Flemingsburg location to help raise money for our friend, retired Hinton Mills team member, Shirley Cioe. We also helped host a benefit for Shirley, who is battling cancer, the same day. Thanks to all you helped!

Hinton Mills Cynthiana Manager, Dwight Leslie, was awarded the prestigious Warren Thompson Alfalfa Industry Service Award by the Kentucky Forage and Grassland Council during the 42nd Kentucky Alfalfa and Stored Forage Conference.

Team members Tom Davenport and Stephen Flynn, along with their wives, attended CASA's 25th Anniversary Celebration & Fund-raiser in Maysville. Tom served on the original CASA board that was started to advocate for children throughout the Buffalo Trace counties.

Adam presented the Agriculturalist of the Year award to Kyle Price at the Cynthiana Chamber's 2023 Community Impact Awards.

The Hinton family celebrated the 50th anniversary of Bud & Paula Hinton - pictured along with Dave Mitchell and his wife, Anita.

Joe Fraley spoke to the Fleming County 4-H Horse Club about Horse Nutrition.

What others are saying about Hinton Mills

"Fleming County, KY is what I call a "Casserole" county- they are the type of people that love widely and show up for their neighbors- the kind that would bring you a casserole if you were going through a tough time and the kind that would be there for you on your best days too! Hinton Mills "Seed Days" is just one example of this love- it's a time when farmers can get the products they need for the best price for the upcoming season. It was a great day filled with great people - from local FFA members to farmers to students..." -Miss Kentucky, Hannah Edelen

"I'm also recommending you to all my chicken friends. My hens are healthy and laying all winter. No issues. Everyone is talking about the name brands making the chickens stop laying. I never had any problems and I only feed your layer feed. I have posted to all my chicken groups I am in. Your feed smells so good. I ferment it for my girls. They love it!! Anyway, thank you for a great product!!" -Hinton Mills Customer, Jennifer C.

"Good Morning, I wanted to let you know about an experiment my husband and I conducted with our chickens. I have 21 laying chickens and was getting only 1 egg daily for several weeks. I had read online how some chicken research and found that Hinton Mills creates it's own chicken feed from local products. After a week or so of changing to Hinton Mills chicken feed our hens have increased their egg production significantly. Thank you for using local products! We are able to now supply eggs to our families and friends again! God bless and have a blessed day." -Hinton Mills Customer, Melissa D.
