A Look Back at What the Hinton Mills Team Did in September 2023

See more pictures of what the Hinton Mills team did this past month on Facebook 

FAITH • FAMILY • FRIENDS • FARMING

This month our team supported BBQ festivals, attended ribbon cuttings, youth livestock show & sales, parades, field days, farm to table dinners, and various professional conferences. We even attended the "WildTail" movie premiere hosted by the Kentucky Dept. of Fish & Wildlife Resources. Here's a closer look back at some of the highlights for our team from the month of September!

Sarah McKenzie and Doug Reeves attended the "Down on the Farm" event in Olive Hill. They shared the good news and information about seed planting and care with several hundred students.

The Hinton Mills team was invited to be the community partner for Simons Middle School's "High Five & Fist-bump Friday". We love this weekly ritual that they do to connect the community to our young people and to get students excited about completing another week of school.

Our "Fish & Wildlife 101" learning event informed young people about Kentucky's various wildlife, and how to read a compass and map. Commissioner Rich Storm and our friends from the Kentucky Dept. of Fish & Wildlife helped put on the event at the Fleming County Public Library pavilion.

The Morehead State University Agribusiness Club came by for a tour of our Frank Hinton & Son location. Adam & Joe visited with the students and shared ideas and advice.

We hosted part of the 2023 Bluegrass K-9 Narcotics Trials along with the Montgomery County Sheriffs Office at our Mt. Sterling location. 25 K-9 teams from 15 agencies across four states utilized our facilities for this great training opportunity.

Johnna Scott and Linda Webb participated in an event with Dr. Temple Grandin hosted by our friends at Two Sisters Pumpkin Patch.

We helped celebrate the official grand opening event for our friends at Arrick's Propane in Flemingsburg. We are excited to continue to grow things together and to continue to partner on filling propane cylinders.

Some of our team & Morehead State University Board of Regents attended the 7th Blue & Gold Gala. The event raised over \$200,000 in support of Kentucky FFA students!

We produced our first livestock supplement tubs at Triple Trust Tubs. We are very excited about sharing this new opportunity with our customers!
