All six Hinton Mills locations are open Mon. - Fri. 7:30-5:00, Saturday, 7:30-12:30

The Antler Builder product line is a complete line of nutrition-focused deer feed, plot seed, mineral, tubs, blocks, and attractants designed to help hunters develop trophy-quality bucks and for others who simply enjoy watching the deer they care for grow.

ANTLER BUILDER FEEDS, MINERALS, TUBS & ATTRACTANTS

ANTLER BUILDER EXTREME PREMIUM DEER FEED

Our blend of grains, seeds and minerals is a complete balanced deer ration. Contains the protein, energy, calcium, phosphorus, and trace minerals that are optimal for antler development and a healthy deer herd.

ANTLER BUILDER ESSENTIALS DEER MINERAL

Feed this complete mineral year-round to provide your herd the necessary nutrients they need to develop into their fullest potential. Improves your herd's antler growth as well as milk production for lactating does.

ANTLER BUILDER MOLASSES

A tool to get your deer where you want them and to get an inventory of the deer nearby. High in crude protein, healthy fats, and fiber.

ANTLER BUILDER FOOD PLOT FORAGE LINE

ANTLER BUILDER PLOT SEED

The most economical way to feed and grow your herd all year-round. We use seed varieties that grow well in our unique region, climate, and soil type. Our seeds are harvested this season for the best germination. To optimize success, bring your soil samples to us so we can help your soil health.

Antler Builder Extreme, Essentials and tubs have added FlyGuardX Technology, garlic, cinnamon and capsaicin, to help with ticks, flies as well as lower body temperature to reduce stress.

ANTLER BUILDER DEER TUBS & BLOCKS

Now available in...
ANTLER BUILDER CHERRY BOMB

These are also convenient and long lasting to help reduce trips to your feed site. Formulated for high energy & highly digestible protein. Improves & maintains body condition & herd health. Our mix of protein along with the vitamin & mineral package are the building block for long term elite antler growth.

Antler Builder products are made in Mt. Sterling, Danville, Louisville and Plummers Landing, KY. Some inputs are also locally sourced.

Team Hinton would like to extend a warm welcome to Dr. Phil Prater

Hinton Mills is pleased to welcome Dr. Phil Prater to our team. Dr. Prater joins us on a part-time basis to expand learning opportunities for our team members and to provide meetings and training for our customers and communities. Our team is always seeking ways to grow in knowledge so we can better serve you, and we are excited about the expertise and experience he brings.

Dr. Prater grew up in Paris, Kentucky. After practicing veterinary medicine for ten years, including work with a heifer development program and service on its herd-health committee, he began a new chapter in 1998 as the Large Animal Instructor in the Veterinary Technology Program at Morehead State University. He taught there for 25 years, strengthening the program by emphasizing hands-on learning outside the classroom and a strong focus on herd health. During his tenure, MSU's veterinary technology program rose to rank second in the nation.

Former students, colleagues, friends, and fellow veterinarians consistently describe him as simply "the best of the best." He is known for his enthusiasm for teaching, his deep faith, and his steady commitment to family and the people around him. Dr. Prater often says his calling from God has always been to bless others, and that this is the true source of happiness and purpose.

His values align closely with those of Hinton Mills: Faith, Family, Friends & Farming, along with Work Hard, Be Kind, and Serve Others. We are blessed to have him join our team and look forward to the knowledge, experience, and heart he will share with our staff, customers, and communities.

HAPPY AUGUST BIRTHDAYS TO THESE TEAM MEMBERS!

A Look Back at What the Hinton Mills Team Did in July 2026

f See more pictures of what the Hinton Mills team did this past month on Facebook

FAITH • FAMILY • FRIENDS • FARMING

The 3rd generation of Hinton's were among those family members who gathered to celebrate our freedoms on July 4th. Bud Hinton with sisters Elaine, Janie, Jenny.

Team Hinton kids got together to sticker and fill the NEW Antler Builder Essentials Mineral 20# buckets. These are now available at all six Hinton Mills locations in addition to many other AB products.

Kentucky Agricultural Leadership Program Class 15 visited our Flemingsburg location where they met with Adam to discuss leadership opportunities as well as community involvement.

We held an Antler Builder Field Day at both May's Lick Mill and Frank Hinton & Son along with a Product Clinic at Hinton Mills Cynthiana for our customers to learn about Antler Builder products. The new Cherry Bomb line is a hit! Antler Builder Extreme feed is made at our Frank L. Hinton & Son location. Jabertown Mill location knocked it out of the park with their Antler Builder display.

Team member Joe Fraley and Addie Hinton helped at the annual Owingsville Lions Club Horse Show. Joe served as both a judge and a ringmaster during the multi-night event. Addie helped to present awards.

Team members Adam & Matt Hinton and Arch Smith were among a delegation from the Buffalo Trace Region who toured various community development organizations in Covington.

Kentucky Junior Cattleman's Association Youth Leadership program led by Bradon Burks and Kelly Baird Liver visited our Flemingsburg location to talk about the ag industry and leadership skills.
